

## [Shakespeare Adaptation](#)

The scene I am portraying on pixton is from the book othello. It is Act 5 scene 1 of the shakespeare play. Some questions I answered was could I actually make a comic based on a play from Shakespeare a long time ago. I had to open my mind and be creative in seeing a scene that shakespeare had created and make it based on my own mind. What I learned in this XP was that when I face a challenge and really try my hardest to get it done I will be able to get it done. The XP showed me how creative of a person I could be.
