

## [Anne Loftus Playground](#)

When I was little I would go to the park  
At Anne Loftus Playground  
to play in the jungle gym  
I played there every day, all year around.

I would go sledding, with my parents  
To make snow angels and a snowman  
I would help my dad clean his car from the snow  
But he was a very slow man

We would make a snowman  
But the branches were buried  
In inches of snow  
I was so short I had to be carried

In the summer it was always crowded with kids  
I will convince my parents to take me  
we could get Ice Cream from the Ice Cream truck together  
There were so many flavors, we could never agree

When I was little I would go to the park  
At Anne Loftus Playground  
The summer had long hot days  
But I had fun all year around
